Dedication

The Citizens of Hampstead gratefully dedicate this 1968 Town Report to the Hampstead Voluntary Fire Protection Association on their 30th anniversary.

From the time Hampstead was incorporated in 1749 until 1938, the only fire protection the residents in this community had was a volunteer bucket brigade. Help was summoned from the surrounding towns when needed and the ringing of the Town Hall bell served as the fire alarm.

Realizing the need of better protection as the town was growing, a group of interested citizens decided to form the Hampstead Voluntary Fire Protection Association in the spring of 1938.

The idea was well received and at the town meeting it was voted to purchase the first fire truck. As there was no town building to be used as a firehouse, the truck was housed at Elmer C. Ingraham's shop on Main Street during the winter months.

Members conducted a house to house drive for members that year and over 100 people responded to the drive. Any adult may become a member of this association and it deserves the support of each and every resident of Hampstead.

In 1941, the people at Town Meeting voted to build the present Central Firehouse, with the town furnishing the money for materials and the volunteers, the labor. Several new water holes were also added that year.

The following year, after much discussion and trials, a siren system was installed.

How did the Hampstead Voluntary Fire Protection Association supplement their treasury during those early years? Well, they ran card parties, dances and entertainments. Sometimes the proceeds were small, but every cent was put to good use, buying much needed equipment, improving the firehouse, etc.

The Association sponsored the Boy Scouts, made contributions to worthy causes, and at Christmas time donated 5 dollars to each of the 3 Sunday schools in town.

In 1952, the town installed a Red Network warning system. This system consists of 5 phones in different houses within the town. All fire calls are received over these phones, which in turn are called over regular phones to the firemen that are on the call list.

In 1953, Mr. and Mrs. Elmer Ingraham donated a sum of money to be known as the Mr. and Mrs. Elmer Ingraham Fund and to be used for any fireman injured in the line of duty.

Over the years as needed, new chassis and cabs for the fire trucks and tank trucks have been purchased.

The year 1959 brought a need for another firehouse, as many new homes were being built. Firehouse No. 2 was built in East Hampstead, largely with volunteer labor. Mrs. Pert Custeau and Mrs. Vi Johnston traveled many miles, selling the cement blocks to be used in the new firehouse for 1 dollar each to help defray the building cost.

In 1960 the town voted to purchase a new 500 gallon pumper which was purchased from the Howe Fire Apparatus Co. In 1962, a 1600 gallon tank truck was purchased and was housed in East Hampstead.

The sum of \$333.00 was spent by the association in 1963 for rubber boots and duck coats for the volunteers.

Hampstead has been fortunate that we have not had many serious fires, but some of you reading this may remember the five days in October of 1947, when we wondered if there would be a Hampstead if the wind shifted. This was a time when young and old became fire-fighters. A series of forest fires surrounded Hampstead and by the evening of the third day, smoke hung low over the town like a heavy fog.

Most of us lived out of suitcases, expecting to be warned at any minute to leave our homes. Dr. Moore made his headquarters in Atkinson at the home of Mrs. Ward Wright and the late Mr. Wright.

Mrs. Levi Duston was the first to receive word of the fire from the late William A. Emerson, who was on duty at the fire tower in East Derry. Mr. Emerson had called Mr. Duston, Hampstead Fire Warden, and when he found Mr. Duston out, told Mrs. Duston to round up men and equipment to battle the fire which was spreading at incredible speed.

Mrs. Duston loaded portable fire pumps, brooms and mattocks on one of the ice trucks owned by her husband and had the load ready when Frank Howard, one of the drivers came along.

Proving to be the real heroine, Mrs. Duston banded together women from the community and served coffee and sandwiches to the fire fighters, sometimes with fire still burning about them.

With this danger surrounding our town, our fire fighters did a terrific job, for not one home in Hampstead was burned, and there were no serious injuries to any one of our men.

At the 1965 Town Meeting, it was voted to purchase a new chassis for Engine No. 3, and more water holes were added for better protection to the town.

A year ago, an addition was completed at the Central Station, and this year the Hampstead Voluntary Fire Protection Association has equipped the added space with hose racks, work benches, etc.

The Association also purchased a new 50-star American flag and a state flag which flies daily on the new flag pole donated by the Hampstead Woman's Club.

Each year, The Hampstead Voluntary Fire Protection Association sponsors The Firemen's Ball. Proceeds from this affair supplement their treasury, thereby lightening the burden of the Hampstead taxpayer as far as the appropriation to the Fire Department.

Another annual affair, started in 1965, is the Santa Claus ride around town on the fire truck, after which he visits with the children of town at the firehouse. He always has some type of goodies to give the children.

The time may come when Hampstead will have to have regular salaried firemen on duty at both firehouses, but until that time, the people of Hampstead say THANK YOU to the volunteers who spend many hours, training and answering fire calls. Can you picture what our town would be like today with the volunteer bucket brigade of yesterday?

You need not become an active member to belong to the Hampstead Voluntary Fire Protection Association, but they do need the support of every resident of Hampstead, both year-round and summer, so as your way of saying THANK YOU, why not become a member as soon as possible?

The Dustons Establish a Christmas Fund

To The Hampstead Fire Association:

Mr. and Mrs. Levi Duston would like to establish a Christmas Fund of \$1,000, the interest of which is to be used at Christmas for the children of Hampstead. This fund shall be known as the Mr. and Mrs. Levi Duston Fund.

The reason for this?

First — We both are fond of children and were in close contact with the children in town when we transported them to and from school for 28 years.

Second — The Fire Department was always my main project in town. I was active in this department for 25 years, being appointed Forest Fire Warden in 1937, and Fire Chief in 1938, when the town bought their first fire truck.

It has given me a great deal of satisfaction to see how the Department has grown, and the excellent work you are doing to-day. Quite a change in 30 years.

May your cooperative and successful work continue through the years to come.

LEVI DUSTON

THE
HAMPSTEAD VOLUNTARY FIRE-PROTECTIVE ASSOCIATION

IS a purely Voluntary Organization designed to help PREVENT and PROTECT our lives and homes from the Hazard of Fire. It has NO power to tax, assess or compel.

ANY and EVERY citizen or property owner (over 18) in Hampstead may be a Regular Member. ANY other person may be an Honorary Member.

BY JOINING the Association many people who value Fire-Protection can help bear the cost that a few property-owners can not bear alone.

JOINING the Association carries no obligation beyond paying the annual dues of One Dollar.

Regular Members of the Association may render Additional Service if they wish to do so. Men in the Active Department. Women in the Auxiliary.

Regular Monthly Meetings of the Association the Second Tuesday Evening of each month at the Town Hall. Programs of general interest and Value to every one interested in Fire-Prevention and Fire-Protection.

By Cooperation in the Association WE CAN prevent and minimize fire losses. By Voluntary Cooperation WE CAN make this Association of inestimable value to our Community.

NOTICES

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 1st. Forms are distributed by mail. Please note that a description of the property which will enable the assessing officials to locate and identify each parcel is necessary. A phrase such as "Same as last year" or "no change" is not sufficient.

VETERANS should understand that it is **their responsibility** to request forms for tax exemption, and that these must be in the hands of the Selectmen by April 15th, if they are to receive consideration.

THE SELECTMEN will meet in their office on the first Saturday of each month at 7:30 P.M. and also on the third Thursday of each month.

THE PLANNING BOARD — Regular meeting is the third Monday of every month at 8 P.M.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the county of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the gymnasium in said Hampstead on Tuesday, the twelfth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary School District Officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$14,000.00
Protection of Persons and Property	18,266.00
Health	2,560.00
Highways	25,300.00
Library	2,960.00
Public Welfare	3,300.00
Patriotic Purposes	450.00
Recreation	600.00
Cemeteries	2,200.00
Interest	6,000.00
County Tax	20,000.00
	<hr/> \$95,636.00

4. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

5. To hear reports of Auditors and Committees and to act thereon.

6. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

7. To see if the town will vote to raise and appropriate the sum of money not to exceed Nine Hundred Dollars (\$900.00) to purchase three mobile, one base, and two Walkie-Talkie Forestry Band Radios for the Fire Department.

By order of Board of Fire Engineers.

(Recommended by the Budget Committee)

8. To see if the town will vote to raise and appropriate the sum of money not to exceed Five Thousand Eight Hundred Dollars

(\$5,800.00) to purchase a four-wheel drive chassis to replace the 1947 Chevrolet chassis that is now on the Forestry truck.

By order of Board of Fire Engineers.

(Recommended by the Budget Committee)

9. To see if the town wishes to establish a three year term for the office of Town Clerk as provided in RSA 41:16-a.

10. To see if the town wishes to establish a three year term for the office of Town Treasurer as provided in RSA 41:26-a.

11. To see if the town wishes to establish a three year term for the office of Town Tax Collector as provided in RSA 41:2-a.

12. To see if the town will vote to raise and appropriate a sum not to exceed Three Thousand Six Hundred Dollars (\$3,600.00) to paint the Town Hall and High School.

13. To see if the town will vote to accept State Aid Construction of Class V roads and raise and appropriate, or set aside for said purpose the sum of Three Hundred Forty-five Dollars and Forty-six Cents (\$345.46). State's share \$2,303.00.

(Recommended by the Budget Committee)

14. To see if the town will vote to place a street light at the intersection of Woodridge Park and Route 111.

(Recommended by the Budget Committee)

15. To see if the town will vote to place a street light at the intersection of Old Forge Road and Eastman Drive.

(Recommended by the Budget Committee)

16. To see if the town will vote to place 2 street lights at the 2 entrances to Bonnie Acres on Route 111.

(Recommended by the Budget Committee)

17. To see if the town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for the purchase of land and the development of a town swimming area on the northeast side of Sunset Lake at Wash Pond Road.

(Recommended by the Budget Committee)

18. To see if the town will vote to grant a variance for the construction of a five-apartment building on land on East Main Street owned by Howard Builders, Inc.

19. To see if the town will grant a variance for the construction of a four-apartment building on land on Emerson Avenue owned by Maurice Randall, Jr.

20. To see if the town of Hampstead will grant a variance to Camp Tel Noar for the construction of 2 dormitories on Main Street.
(By petition)

21. To see if the town will vote to have the Tax Collector charge a fee of 20 cents for all uncollected Poll taxes as of December 1.

(Recommended by the Budget Committee)

22. To see if the town will vote to accept Woodridge Road, from Route 111 to the Danville town line.

(Recommended by the Budget Committee)

23. To see if the town will vote to accept the road known as Beach Street, between Holiday Lane and Island Pond.

(Recommended by the Budget Committee)

24. To see if the town will vote to accept the road known as Island Pond Road, between Holiday Lane and Island Pond.

(Recommended by the Budget Committee)

25. To see if the town will vote to accept the road known as Central Drive, between Holiday Lane and Island Pond.

(Recommended by the Budget Committee)

26. To see if the town will vote to accept the donation of One Thousand One Hundred Fifty Dollars (\$1,150.00) made to the town by Cohen Foundation Camps, Inc.

Articles 9, 10, and 11 will appear as referendum on the ballot.

The polls will not close before 6 P.M.

It is understood that a motion will be made at the opening of the meeting that the polls be open until 8 P.M.

The business meeting will be held on March 15 at the Gymnasium at 8 P.M.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and sixty-eight.

AUDITORS' CERTIFICATE

This is to certify that we have examined the books and other financial records of Edwin T. Coombs, retiring Tax Collector of Hampstead, New Hampshire, on March 15, 1967, before the books were turned over to Alfred F. Brickett, the new Tax Collector, and find them correctly cast and receipts therefor.

REPORT OF THE POLICE DEPARTMENT

This is my eleventh annual report as Chief of the Hampstead Police Department. Many changes have been observed during this past period within the town. We have progressed from a town with a population of 800 people to a community with nearly triple that amount. Our elementary school has changed from a five-room structure to a building that now houses eighteen classrooms plus numerous support rooms. We now have and enjoy three summer camping areas. We had in 1957 Route 111 through the center of town with a moderate flow of traffic at its best; today, we have a modern highway on the outskirts of the town with recorded traffic as heavy as 50 vehicles during a one-minute period during peak summer periods.

Since 1957 I am proud to report that we have a well-trained police department prepared and willing to deal with any situation that might arise within the town. We have department officers versed in the workings of the law and the proper presentation of cases in court. Many officers have attended law enforcement schools. Recently

Officers Glenwood Ard of East Hampstead and Stanley Lapham of East Hampstead were graduated from Rockingham County's first Law Enforcement School at Exeter, and I was indeed proud to have been in attendance at that graduation. We have a department that is equipped with modern radio communications equipment, stretchers, first aid kits, emergency oxygen equipment and associated emergency equipment.

Considerable court complaints were noted during the year. During 1966 we had a total of 90 court complaints; during the summer of 1967 during one court session alone, we had forty-nine cases including 15 juvenile cases. During the summer of 1967 this department had the distinction of confining the same individual to jail twice during a one-week period, a situation which we see as a true sign of the times.

The inhabitants of the town are reminded that we enacted a restraint order for dogs during the March Town Meeting. This restraint is in force from 8 A.M. until 5 P.M. during the winter months and on a continuous basis from June 1st until Labor Day. Recently enacted legislation on a statewide level requires all dogs to receive rabies shots before procuring their 1968 dog licenses. The law also states that if a complaint is received by the police department that a dog is considered a nuisance, the department shall, I reiterate, **shall** investigate and if the complaint is found to be true in nature, the department will issue immediately a confinement order to the owner of the dog or dogs. This order includes barking dogs, dogs chasing motor vehicles, dogs upsetting garbage containers, dogs chasing domestic animals, damaging gardens and shrubs, chasing bicycles and acting in a threatening manner to pedestrians.

The department was pleased to have assisted the Parent Teachers Association in the Rex Trailer Show at the Memorial Gymnasium at Halloween.

We wish to thank the Hampstead Lions Club for financial assistance in procuring needed equipment.

This office urges the residents of the town to anticipate future needs of the department. The officers of this department continue to use their private vehicles on patrol within the town. Several of these individuals have sustained considerable property damage to these motor vehicles during police duty without receiving financial reimbursement. Recently one department officer was dropped from his insurance company because of information received that his motor vehicle was used for police and emergency work. This officer during the year received less than four hundred dollars for duty performed within the town. This situation also resulted in a considerable increase in his insurance premiums. We anticipate the need for a town-owned police cruiser in the very near future and the need for a full-time-duty police officer during the summer months is fast approaching.

Sincere thanks is extended to the officers of my department for their cooperation and assistance during the year. I, as an individual, am proud to be associated with such outstanding individuals, dedicated solely to doing their small part to make Hampstead a better place in which to live.

Thanks is extended to the Board of Selectmen, The Town Treasurer, The Town Clerk and the other town officers which we are in daily contact with.

Respectfully submitted,

KENNETH H. CLARK,

Chief of Police

ANNUAL REPORT — FIRE DEPARTMENT

1938 to 1968

This past year the Fire Department responded to forty-six (46) calls, of which four (4) were dwellings, fifteen (15) were woods or grass, and the rest miscellaneous calls. We also sent aid to the Atkinson and Danville Fire Departments during the year.

Seven of the firemen attended the Annual Fire School in Fitzwilliams, N.H., and came back with reports that it was the best one yet, in fact, it was so well attended by firemen from everywhere that the Fire Chiefs Club of N.H. who sponsor the School, are thinking of having two sessions this year instead of the usual one, which will make it convenient for more men to attend.

We have recently acquired another piece of fire apparatus purchased for the Town by The Volunteer Fire Protective Association. The vehicle is a 1958 Ford tank truck with a stainless steel tank that will carry approximately 1,200 gallons of water. This type of tank will allow us to fill swimming pools with good clean water (something we have been unable to do in the past), as well as put this clean water on a fire.

We, the Board of Fire Engineers, and the Selectmen, would like to take this opportunity to thank the Association for this generous gift.

The Annual Santa Parade and fire proofing of Christmas Trees, sponsored by the Association, was another success, and we hope it will continue to grow each year.

We would like to acknowledge openly the gift of \$1,000.00 from Mr. and Mrs. Levi Duston to start a fund to be known as the Mr. and Mrs. Levi Duston Fund. This fund will be used for the children of Hampstead at Christmas Time, and also to compensate injured firemen.

Thank you! From all of the Fire Department.

We want to thank the Police Department for their continued cooperation at the scene of fires.

This year the department has a new chief, Clifton Demeritt. We

want to wish him success, and know that everyone will get behind him and give him the same support they have given all the past Chiefs.

By the Board of Fire Engineers,

CLIFF DEMERITT (Chief)
 GENE DUSTON
 R. A. JOHNSTON
 PAUL WENTWORTH
 ROBERT LETOILE

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M. — 5 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ashtray.

PLANNING BOARD REPORT

The Hampstead Planning Board has spent the entire year working on the new Zoning Ordinance. Seventeen meetings and three Public Hearings were held. Changes were incorporated into this Ordinance based on suggestions from lawyers, the State government, surrounding towns, and from many of the interested citizens of Hampstead.

Acceptance of this Ordinance as presented will help to retain the beauty and the countrified atmosphere of the town of Hampstead. The farsightedness and apparent town interest of most of our builders, businessmen, and individuals has protected the town in the past.

Our population is now growing at a rapid rate and regulation is required to promote orderly, attractive growth.

Some of our neighboring towns waited too long: let us act now —
SUPPORT ZONING!

Respectfully submitted,

DONALD REESE, Secretary
Planning Board

BUILDING PERMITS ISSUED IN THE TOWN OF HAMPSTEAD, N. H. FOR 1967

Date	Name, Address and Description	Price
April 13—	Ray Thibault, East Rd., Garage and Shop (40' x 60') Concrete Block	\$4,000.00

LIBRARY TRUSTEES REPORT

As our town has grown, so have the demands upon our Library increased. The Trustees this year have tried to purchase a broader selection of books to satisfy the many diversified requests and tastes of the people in the community.

We are extremely grateful to "The Friends of the Library" for contributing so much to our needs. Through their efforts, The Holly Hock Shop, under the able direction of Mrs. Lloyd Hoey, enabled us to add a considerable amount to our normal book purchases and to improve the Library equipment.

We note an increase in attendance through the adding to our library resources and express our sincere thanks to all who have contributed to our growth. Our Librarian, Mrs. John Garland, is most willing to help you, and we appreciate her faithful devotion in helping to satisfy the varied library demands. We hope you will all benefit from this and we welcome you to use and enjoy your Library more.

MARJORIE KIRKNESS, Chairman
PEARL CORNWELL, Treasurer
ELAINE BROUGH

LIBRARIAN'S REPORT

In submitting my fourth annual report for the Hampstead Public Library, I wish to express my thanks and appreciation to all those who have been so generous in contributing books, magazines and bookmarks during the year. The names are too numerous for me to print in this report. To Mrs. Marjorie Kirkness, Mrs. Pearl Cornwell,

David Bethune and Mrs. Jane Hall, I express my thanks for selecting and transporting the wonderful collection of books from the libraries of Rev. Theodore Hadley and Myrta L. Davis. Several classics and reference books were found in this fine collection.

The Friends of the Library were very busy in the Holly Hock Shop through the summer months under the supervision of Mrs. Lloyd Hoey, who did a marvelous job. They have been most generous in giving money for new books, also they have bought a new magazine rack. A sign has been placed in front of the Library stating library hours. They also paid for having new lights installed in the two rooms used by the young people for studying. This is a great improvement over the old lights. All these fine things are very much appreciated by those who visit the library and we extend our heartfelt thanks to the "Friends."

National Library Week was observed in April with the "Friends" in charge of the arrangements. The children came in by grades from the school to view the new books on display and to acquaint themselves with the Library. An open house was held on Sunday for everyone to view the new improvements and to see the art exhibit where many beautiful pictures were on display. The chairman of the committee was Mrs. Ada Sakash for the art exhibit and Mrs. Joan Scovel and Mrs. Barbara May for the Silver Tea. Many thanks go to this committee and their assistants for doing such a fine job.

Shrubbery has been placed in front of the Library by Mrs. Kay Robbins and Mrs. Joan Scovel.

To the donors of Memorial Books, the Woman's Club, Grange, and all other organizations we express of thanks for their generosity.

The State gave us \$100.00 to use for reference books this past year.

There were 5,049 books in circulation last year. We borrowed 1,768 from the Bookmobile and 138 from the State Library.

Films and records are available to all organizations and I will only be too glad to serve you.

The State held five District meetings this past year where books were on display and book reviews were given on adult books by Mrs. Rachel Sanborn, book consultant and children books by Mrs. Judith Kimball, Bookmobile supervisor.

My sincere thanks go to the Trustees for their splendid co-operation, and to those who have given so much time in cataloging, re-arranging magazines, repairing shelves and other things.

Everyone is cordially invited to visit the Library and look the books over. If we do not have what you want I will gladly try at the State Library.

Respectfully submitted,

HAZEL K. GARLAND,
Librarian

The polls will be open to vote for District Officers from 10:00 A.M. to no earlier than 6:00 P.M.

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Memorial Gymnasium in said District on the eleventh day of March, 1968 at 8:00 o'clock in the afternoon to act upon the following subjects:

1. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.

2. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.

4. To see if the District will vote to raise and appropriate Five Hundred Dollars (\$500.00) for salaries of District Officers.

5. To see if the District will authorize the School Board to make application for, to receive and to spend, in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

SCHOOL DISTRICT OF HAMPSTEAD

6. To see if the District will vote to raise and appropriate Five Thousand Dollars (\$5,000.00) to establish a Capital Reserve for the purpose of school building expansion.

7. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this nineteenth day of February, 1968.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during 1966-1967 and their estimated expenses for the year 1968-1969. It must be taken into consideration that monies appropriated in the month of March, to be used in the following year, do not necessarily correspond in individual terms, because of the impossibility of projecting the rising price indexes twelve months hence.

REPORT OF THE CHESTER - HAMPSTEAD AREA SCHOOL PLANNING BOARD

To the Residents of Chester and Hampstead, N.H.

The Chester-Hampstead Area School Planning Board was formed in March, 1967, as a result of the vote of the Annual School Meetings of the two towns. The members are:

Mr. Robert Letoile — Hampstead, Chairman
Mr. Walter Kraushaar — Chester, Clerk-Treasurer
Mr. Stan Ross — Hampstead, School Board member
Mr. Walt St. Clair — Chester, School Board member
Mr. Bill Conway — Hampstead
Mr. Luther Grimes — Chester

The purpose of the Board is to study the means of providing an Area School for the two towns and prepare the written plan of such a school for presentation to the voters of the two towns. We are working under the laws of the State of New Hampshire — RSA 195-A:3. The Board has no authority to commit either town for or against an Area School.

It was decided to limit our study to an Area Jr.-Sr. High School, including grades 7 through 12. It was felt that grades 1-6 should remain in their respective towns.

Under an Area School, Hampstead would be the receiving district and Chester the sending district.

The Board has held monthly meetings studying Curricula, Site, Contracts and Name Selection. A Name Selection Essay Contest was held in the Elementary Schools and the winners will be announced shortly.

On October 21, 1967, the Planning Board and the Boards of Selectmen and School Boards of both towns were invited to visit the new facilities of the Exeter Jr.-Sr. Area High School. This tour impressed us as a fine example of a maximum facility provided with minimum cash outlay.

The Board, on report of the Site Committee, which had studied sites available, voted to formulate tentative plans, using a site in Hampstead Center. This 4.5 acre (with 28 adjacent acres available for expansion) site of town-owned land includes the old high school building, which could be used for administration offices and a library, thereby reducing construction costs.

The Committee studying Curricula has held several meetings and made preliminary reports to the Board.

The Committee studying Contracts has obtained several "model" written plans from existing Area Schools and is preparing a written plan which will be presented at such time as the study is completed.

We plan to keep the voters of both towns informed as to our progress which is the intent of this report.

Future Committee work will involve Transportation, Building and Finance.

Present plans call for submission of a formal report of the findings and recommendations of the Planning Board in October, 1968.

The Board wishes to acknowledge the assistance of the following persons and commend them for their aid in forwarding our efforts.

Dr. Donald Randall
Mr. William Beane
Mr. Maurice Randall, Jr.
Mr. Wayne Stewart
Mr. Dick LaPerle
Mr. John Vadeboncoeur
Mr. Frank Kozaska
Mr. Richard Grey

W. W. KRAUSHAAR,
Clerk

REPORT OF TIMBERLANE STUDY COMMITTEE

As requested by the vote of the town in March of 1967 and in accordance with RSA 195:16 the Hampstead School Board has petitioned the Timberlane Regional School Board to study jointly the advisability and possible terms of annexation. If after completion of this study it appears advisable to recommend annexation, a report will be submitted to the people of Hampstead. The following items will be included in this report:

1. Date of operating responsibility
2. Representation on the Timberlane Regional School Board
3. Listing of school district assets
4. Initial location of school buildings to serve Hampstead
5. Indebtedness to be assumed
6. Method of apportionment of capital and operating costs
7. Manner in which state aid shall be allocated

Any recommended annexation would be submitted to the voters of Hampstead and to the voters of the Timberlane Regional School District (includes Plaistow, Atkinson, Danville, & Sandown). In addition, release from the existing contract with Pinkerton Academy would have to be obtained. (Contract expires in June of 1978)

Annexation should be coordinated with proposed building programs. Hampstead will require additional classroom space for elementary students as early as September 1969. Timberlane will require by 1972, a 600 student elementary school, a 1,000 student middle school, and a 300 student addition to the High School.

The Hampstead School Board will present a full report of its findings to the voters of Hampstead in the fall of 1968.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

I am presenting the Report as Interim Superintendent of Schools in Hampstead. A report from the Principal will discuss in more detail the activities of the school. Statistical reports are listed separately.

Personnel

Eight teachers joined the Central School Staff this current year including one reading assistant. In addition we have a librarian and two classroom assistants new to our school staff.

They were Mrs. Kathleen Hanson, Grade 1, a graduate of New Paltz State Teachers' College with teaching experience in Ashland, Massachusetts; Dianne Nelson, Grade 2, a graduate of Plymouth State, with practice teaching experience in Plymouth, New Hampshire; Marilyn Hayes, a graduate of Lowell State College with practice teaching experience in Tewksbury, Massachusetts; Mrs. Dorothy Jennings, Grade 3, a graduate of Keene State, a Master's Degree from Boston University, with teaching experience in Hampton Falls and Seabrook, New Hampshire; Margaret Trecarten, Grade 4, a graduate of Plymouth State, with practice teaching experience in Plymouth, New Hampshire; Alice Nickerson, Grade 4, a graduate of Gordon College, with teaching experience in Greene, Maine; George Moonoogian, Grades 7 and 8, a graduate of Salem State with practice teaching experience in Salem, Massachusetts High School; Mrs. Nancy Taylor, Reading Assistant, a graduate of Lesley College, with teaching experience in Rhode Island and Salem, New Hampshire; Mrs. Louise Fraser of Hampstead, New Hampshire, is our librarian. Mrs. Dorothy Monahan and Mrs. Alice Brown, both of Hampstead are our classroom assistants.

There will be a need to revise the Teachers' Salary Schedule. Salary schedules are being raised in all districts and with a continued shortage of qualified teachers, Hampstead must raise its schedule in order to compete. The very fact that Hampstead has a large turnover of teachers each year makes it imperative to do everything possible to attract and hold good teachers.

Housing

There is a strong possibility that an additional Grade 1 will be needed for 1968-69. This class would be housed in the all-purpose room of the Central School sometimes called the Music Room or the old Cafeteria Room.

It is most important that an early decision is made on the future housing of the secondary school students, no later than the 1969 March meeting.

An article in the School District Warrant of 1967 was voted to continue its contracts with Pinkerton Academy for three years. At the

same time an area school planning committee was created and it was also voted to meet and study jointly the advisability or possibility of Hampstead's joining the Timberlane system at some future date.

It would appear necessary to make a final decision at the March, 1969, meeting and vote at that time a bond issue for future construction if you are to be ready for occupancy in September, 1970. It has been my experience that it takes one and one-half years to vote, select an architect, work on plans and specifications, put out to bid and then construct the building.

This time allowance is necessary if you decide to build an area high school, Grades 7-12. It is expected that Timberlane will need additional housing for 1970 and it will need to know by its March, 1969, meeting for what capacity they will need to build.

If the alternative is chosen to continue at Pinkerton Academy under a long-term contract, then you will need to provide indefinitely for the education of Grades 1-8. This choice will still cause a decision to be made on future housing for the elementary grades. There is no more space available at the Central School and as your enrollments continue to increase then additional space will be needed.

It is most important therefore that the School District make a decision as early as possible on the educational future of its secondary school students. It is necessary therefore that committee reports be finalized as soon as possible in order to permit an intelligent decision by the citizens. I do not believe that all facts can be ready by March, 1968. It may be wise to hold a special meeting prior to the March, 1969, School District Meeting so that proper warrants can be inserted at the March Meeting (s) if needed.

Federal Aid

Hampstead continues to benefit from Title I and Title II of the Elementary and Secondary Act of 1965. Title I has provided an enrichment of the readiness program in Grade One.

Title II has provided additional library materials, audio-visual records and filmstrips. Headstart has been one of the most successful of the aid programs. The class was held in Atkinson this past summer. Hampstead's pre-schools are eligible to attend if they qualify as a disadvantaged child.

Hampstead School children continue to benefit from Title III of the National Defense Education Act of 1958. The government matches what we spend for various items in several areas of the curriculum.

Improving Education in New Hampshire

Education will continue to cost money and the costs will increase each year. At present the property taxpayer in New Hampshire bears most of the burden. I believe the State should enact a broad base tax to relieve the property taxpayer and make it possible to continue to provide quality education for New Hampshire communities.

I would like to see a public kindergarten program established and I hope that someday a fuller program can be offered to our seventh and eighth graders. If and when school construction is approved, then both these areas and needs should be reviewed.

It is recommended as a long-range goal that consideration be given to staff additions either on a Union basis or on a part time basis and if it can be justified on a full-time basis in Hampstead. I'm speaking of a guidance counselor, an art specialist and a physical education specialist. Two other personnel that are necessary to round out a full staff but would need to be shared is a school psychologist and a school social worker. These expanded services would make it possible to provide a broader curricula and better pupil personnel services. The more you can help a pupil in his earlier years, the better results you will achieve.

The present staff should be commended on its direction towards more individualized instruction in order to meet more effectively the individual needs of all children. This is the trend in American Education today and I heartedly support it.

It is my hope that all concerned with the education of Hampstead pupils will go forward together and provide the children of Hampstead with a complete quality educational program Grades K-12.

Respectfully submitted,

WENDELL V. DAVIS,
Interim Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, and Citizens of Hampstead:

This, my fifth annual report as principal of the Central School, will include reports from the school nurse-teacher, music supervisors, reading coordinator, and speech therapist.

The total enrollment on the opening day of school, September 6, was 364. This was an increase of 12 over the previous September.

The staff at the school numbered twenty-nine, including the following: sixteen classroom teachers, principal, two part-time Reading coordinators, nurse, speech therapist, two music supervisors, two classroom assistants, secretary, one full-time and two part-time custodians.

The Reading curriculum was revised in grades one through six. The purpose was to regroup children within each class level so that instruction could be refined within each reading group. As a result, children were placed in different groups in many cases.

This was not ability grouping by classroom. Rather, children were grouped so that a wide range of reading levels were present in each room.

The objective of all teachers was to meet the individual needs of all children. To better perform this task, investigation into individualized instruction in Reading and Mathematics was carried out by members of the staff. It is hoped that this approach to learning will continue to be integrated into the total program.

A Specialty Fair was held in the Memorial Gymnasium in May for pupils in grades five through eight. Field trips were held for all classes during the year.

The athletic program consisted of soccer, basketball, and baseball for boys, and basketball and softball for girls.

Eighth grade graduation exercises were held on June 16, at the Hampstead Congregational Church. Mr. William J. Letoile, Jr., chairman of the school board presented diplomas to forty-one graduates. Guest speaker was Mr. Wilbur L. Ketchum, Personnel Department Chief, Western Electric Company.

A dedication plaque and certificate of merit were presented to Mr. Glendon N. Emerson in recognition of his long service to the town as a school board member. The plaque was installed in the new addition of the school.

National Education Week was observed the week of November 6-10. Open house was held on Wednesday and Thursday of that week.

The P.T.A. sponsored book fair was again held in November. Mrs. Mary Smith supervised the fair. Appreciation is extended to the P.T.A. and Mrs. Smith for their efforts in behalf of the book fair.

The school library continued to grow. The library is approaching two thousand volumes. Mrs. Louise Fraser was hired to serve as librarian.

The following standardized tests were administered during the year: Stanford Achievement Tests, grades 2-8; Murphy-Durell Readiness Test and SRA Mental Ability Test, grade one; Otis Mental Ability Test, grades 2-4-6; Orleans Algebra Prognosis Test and School and College Ability Test, grade eight. In addition, basal Reading tests and a variety of individual diagnostic and grade placement tests were administered.

Mrs. Jean Robbins and Mr. Richard Grey attended the annual New England Reading Conference held at the Statler-Hilton, Boston, Massachusetts.

Transportation was provided by Mr. Frank Howard and the Timberlane Transportation Company. Milk was purchased from Turner's Dairy, Salem, New Hampshire.

Physical examinations were administered by Dr. Raymond E. Moore and Dr. William R. Hart; assisted by Mrs. Dorothy Scott, R.N., school nurse-teacher and several volunteers.

Group instrumental music lessons were started under the direction of Mr. Dennis Brown, Concord, New Hampshire.

Reports of special service personnel follow:

Reading Coordinator — Mrs. Charlotte T. Zimmer: This year the work of the Remedial Reading teacher differed somewhat from that of last year. Only eight remedial classes were taught, each day. The rest of the day was used in observing reading classes in the various homerooms. As individual reading difficulties presented themselves there, I met with the teachers to work out plans to remedy the situations. In most cases, the teacher took care of those reading problems in the classroom. Occasionally, however, one or two children did need help. They entered groups already formed in the remedial room.

In the Spring of 1967, it was necessary for one teacher to leave school. From then, until the end of the school year, I spent much time helping the substitute teachers to keep those pupils at grade level in reading.

As is customary in Remedial Reading, pupils do not have to stay in remedial groups all year. When they show signs of marked improvement in their homerooms, they are tested. They are dismissed when tests show that they have reached grade level. The Ginn reading series is used as a co-basal reader. The results have been very satisfactory.

The following tests were used for diagnosis and grade placement:

1. Metropolitan Reading Achievement Tests
2. Lyons-Carnahan Diagnostic Reading Tests
3. Lyons-Carnahan Developmental Reading Tests

4. Durrell-Sullivan Reading Achievement Tests
5. Durrell Analysis of Reading Difficulties
6. Doren Diagnostic Reading Tests
7. Iowa Silent Reading Tests
8. Botel Informal Reading Inventory

In September, in the second grades, the Gates-MacGinitie test was given for diagnosis and grade placement. It was helpful in evaluating difficulties. Wisc tests were administered upon the recommendation of Mr. Grey. All new pupils entering the school were given Metropolitan Reading Tests to help in group placement.

During the school year, 59 children were in my remedial classes. Eighty-three per cent of them reached grade level. For all of them, it meant a sound foundation for next year's work.

Nurse-Teacher — Mrs. Dorothy Scott, R.N.: I am presenting herewith my second annual report as School Nurse in Hampstead.

If children are to get optimum benefit from their elementary school learning experiences, they must be healthy. The child who is frequently absent because of illness, the pupil who needs glasses, the emotionally disturbed pupil, the child who is always a bit tired — these and others like them are simply not able to learn most efficiently and effectively even with the best kind of teaching. Therefore, by providing for the physical examinations, screening tests in vision and hearing, dental inspections, and other health services, the school is helping to assure maximum efficiency in the education of its pupils. The school's health service and guidance efforts are in no way intended to alter the fundamental assumption that parents have the primary responsibility for the health of their children.

In the 1964 School Health Education Study they had this to say about the relationship of health and education: "In simple terms this relationship implies that one needs to be educated in order to develop and protect one's health and one needs abundant health to make full use of one's education. It is a reciprocal—and actual— relationship."

Pre-school registration is held in May each year. At this time the school nurse has the opportunity to acquaint herself with all incoming pupils and their parents. At this time, a state dental hygienist is present to inspect the children's teeth and to advise the parent of any pupil requiring dental attention.

Cursory examinations, consisting of inspection of glands, throat, teeth, head and extremities are done at the beginning of the school year. Medical examinations are done on all pupils in grades 1, 4, and 7, those new to the school, and any pupil participating in inter-scholastic sports by the school physicians, Drs. Moore and Hart. Parents are notified of any defects and a "follow-up" program is carried out.

Screening tests for vision and hearing are done on all pupils in grades 1, 2, 4, 6, and 8. The appraisal of physical growth by weighing

and measuring will be done on all pupils. Pupils of grade 5 will be tested for color perception.

A tuberculin skin testing clinic was held for all first graders this year.

The special programs this year will consist of "Menstruation" for fifth and sixth grade girls; "Boy to Man" for fifth and sixth grade boys; "Smoking" for all fifth graders, and "Dental Health Education" for grades 1-6. The health program thus provides the boys and girls with accurate health knowledge.

I wish to thank all the parents and friends of the Hampstead Central School for their cooperation and assistance during the past year.

Music Supervisor — Mrs. Eleanor Maynard: The first four grades concentrate on a program based on singing, rhythms, and note reading. Singing with a pleasing tone quality is emphasized and help for those who have trouble matching tones is provided. Rhythm instruments and dancing are aids in rhythmic expression and music theory to give the child a better understanding of written music and help prepare him for instrumental lessons and glee clubs in the upper grades.

A group of thirty grade four pupils learned to play the flutophone. These are pre-band instruments which not only introduce the child to instrumental music but also give note reading more meaning.

Several children who started instrumental lessons during the year met with me after school in a beginner band. Most of last year's more experienced players are now in high school but the group will expand as the children starting lessons this year progress enough to perform together as a band.

Music Supervisor — Mr. William Howard: This is my second annual report as Supervisor of Music for the Hampstead Central School. During the past year I have held weekly music classes for grades five through eight. Our emphasis has been on vocal music and the primary objective has been to have the children enjoy singing a variety of songs including folk songs, patriotic songs, songs of foreign countries and songs of famous composers, etc. Each child has a textbook appropriate to the grade and supplementary materials are also available. The fundamentals of music theory are taught, including the various kinds of notes and rhythms, key signatures and scale relationships. The classroom teachers have been given an outline of this theoretical material.

Music appreciation has been introduced through the playing of records, the use of film strips and special films and class discussions. The children are given an opportunity for individual expression through the use of rhythm instrumental materials such as blocks, bells, tambourines, drums, etc.

Special musical programs were presented during the past year at Christmas, Memorial Day and for graduation exercises.

An optional chorus for seventh and eighth grade pupils meets once a week. This is in addition to the regular classes for these pupils.

Speech Therapist — Mr. Vincent Marchand: The basic aim of the speech program was to help all children with speech defects to correct their speech through individual or group speech sessions. All children in the program have been evaluated to determine the type of speech problem in need of correction. Currently, the total enrollment of the speech program is sixteen. Twelve are various problems classified as articulation, two have stuttering problems and the remaining two have emotional problems severe enough to affect both attitude in learning and good usage in speech.

There are three factors necessary to provide a successful program in this field. First, is regular attendance at scheduled times for speech lessons; second, parent and/or teacher conferences as needed; and third, the regular practice of home assignments.

The speech therapist uses the nurse's office for the speech classes. The room is well-lighted, situated away from excessive noises and there is very little interruption of the classes which makes for an ideal working area for an effective speech program.

Equipment used in the program consists of: work books, pupil-made notebooks, a mirror, a tape-recorder, a record player, and various arts and crafts materials. The students use pictures from discarded magazines to make the pupil-made notebooks.

I would like to thank the Superintendent, Mr. Grey, and the teaching staff for their interest and continued support.

To conclude, appreciation is extended to the members of the school board, superintendent, and other members of the administrative staff for their continued assistance and cooperation.

I am most grateful to all of the members of the Central School staff for their efforts in behalf of the children. I would also like to thank the many parents who have shown genuine interest in the school, for their concern and cooperation.

Respectfully submitted,

RICHARD GREY,
Supervising Principal
